

	<b><u>GCSE MATHS (Re-take)</u></b>	
	<b>Qualification Level</b>	GCSE
	<b>Exam Board/ Syllabus</b>	OCR
<b>Contact(s)</b>	Mrs Leeding	

**Why Study This Course?**

The course will cover all content from the GCSE foundation syllabus. It is suggested that you purchase a Foundation revision guide from the school shop if you do not already have one, or a set of the Corbett Maths revision cards for Foundation.

All students should come to lessons with a full maths set and scientific calculator.

**Course Assessment Pattern/ Structure**

There will be 5 timetabled lessons per fortnight, focussing on exam technique as well as key topics. It is likely the exams will be sat in November of Year 12. There will be three papers each making up a third of the final grade.

Paper 1	Calculator
Paper 2	Non - Calculator
Paper 3	Calculator
