8th September 2023

Dear Parent / Carer

RE: Design and Technology KS4 Contribution (covering three years)

The Design and Technology Department provide stimulating projects that enable students to be prepared for their GCSE Non-Exam Assessment. In order to sustain this high level of teaching and learning we are reliant on parental contribution to subsidise the projects.

We will be supplying the materials for all projects. Your child will produce practical outcomes which they will be able to bring home to show their developing skills during the course. You may be aware that material costs are increasing, however due to recent rises in the cost of living we have taken the decision not to make any increases to our contribution costs. Hence we are requesting a contribution of £17.00 to help toward covering the costs of the practical outcomes for the next three years.

The service is now open and active on TSCO Scopay for all eligible students. A voluntary, non-refundable contribution of **£17.00** will be required by **20th October 2023**. The DT Contributions can be found on Scopay under 'Trips and Events'. Click the 'Make Payment' box highlighted in green, add to basket and proceed to payment.

All payments should be made via TSCO Scopay. If you require any assistance, please contact Trips@sponne.org.uk on 01327 350284.

Many thanks for your support.

Yours faithfully

Mr P Lopes
Business and Innovation Learning Leader
