

Developing Teacher Programme: (DTP)

31st October – 21st November 2023

DTP provides developing teachers with in-depth coaching tailored to a self-assessment of their teaching. It provides opportunities to deepen their understanding of high quality classroom practice and teaching and learning. Participants improve their teaching through facilitated practice and the opportunity to collaborate with colleagues.

The programme supports a wider range of teaching activities, including: planning lessons, starter activities, and plenary sessions, questioning techniques, engaging in learning, challenging learning, assessment and adaptive teaching strategies.

The DTP builds confidence of staff to become used to class observations and adopt a positive “can do” attitude.
